SCIENTISTS MUST COMBINE EFFORTS FOR THE PURPOSE OF STUDYING THE ESSENCE OF LIFE AT DEEP LEVELS, AS WELL AS THE RELATED PROBLEM OF HUMAN SURVIVAL. THIS IS THE OPINION OF ACADEMICIAN VLAIL KAZNACHEYEV, DIRECTOR OF THE INSTITUTE OF CLINICAL AND EXPERIMENTAL MEDICINE OF THE USSR ACADEMY OF MEDICAL SCIENCES' SIBERIAN BRANCH. THIS MUST BE AN INTERNATIONAL PROGRAM, OPEN TO THE WORLD COMMUNITY. ACADEMICIAN V. KAZNACHEYEV PROPOSES TO IMPLEMENT AT HIS INSTITUTE AN INTERNATIONAL PROJECT, IN WHICH ABOUT 20 MILLION DOLLARS SHOULD BE INVESTED DURING THE INITIAL STAGE. V. KAZNACHEYEV'S ASSOCIATES HAVE ALREADY CONDUCTED MORE THAN 20,000 EXPERIMENTS (AT THE HUMAN AND INDIVIDUAL CELL LEVELS) AND HAVE COME TO A SENSATIONAL CONCLUSION: A SPECIAL FIELD FORM OF LIFE IS PRESENT IN LIVING MATTER. IT MANIFESTS ITSELF IN PHYSICAL FIELDS, THE NATURE OF WHICH IS STILL NOT CLEAR. BUT ONE THING IS CERTAIN: THE SCOPE OF THE CONCEPT LIVING IS MUCH MORE COMPLEX THAN WE HAD IMAGINED. ACCORDING TO ACADEMICIAN V. KAZNACHEYEV, IT APPEARS THAT, IN ADDITION TO ORDINARY OXIDATION REDUCTION REACTIONS, PROCESSES AT THE LEVEL OF COLD FUSION TAKE PLACE IN THE LIVING CELL, AND THAT THEY ARE RELATED TO MAN'S INTELLECTUAL ESSENCE. THE SCIENTIST BELIEVES THAT THE FIELD FORM OF LIFE IS ALSO INVOLVED IN PSYCHOTROPIC EFFECTS ON MAN, AS WELL AS IN SUCH PHENOMENA AS TELEKINESIS, POLTERGEISTS AND UNIDENTIFIED FLYING OBJECTS (UFO(S)). IF THIS FORM OF LIFE IS DETECTED AND IF THIS IS DONE IN A LABORATORY DOING CLASSIFIED WORK, THE TEMPTATION MAY ARISE TO EXERT A SPECIAL INFLUENCE ON THE HUMAN MIND AND ABILITIES. FROM THERE, IT IS ABOUT ONE STEP TO A TERRIFYING PSYCHOLOGICAL WEAPON. WE ARE STANDING AT THE THRESHOLD OF GREAT DISCOVERIES, EMPHASIZED ACADEMICIAN KAZNACHEYEV, AND FOR THIS REASON A WORLD WIDE INTERNATIONAL PROJECT WITH THE PARTICIPATION OF TOP SPECIALISTS IS NEEDED IN ORDER TO COMBINE EFFORTS AND ENSURE OPENNESS OF THE RESEARCH.
